PROFESSIONAL MANUFACTURING

Foodservice Equipment/Restaurant Supplies

Company Profile

XIANGYING Group was established in NINGBO city in 1995. Now we are extremely professional and mature manufacturers and suppliers of commercial foodservice equipment and restaurant supplies.

Our company has more than 700 employees now the production capacity is around 160X40'HQ per month and annual turnout is about 70 million US dollars, company grows rate is over 15% per year. We adopted advanced facilities and set up a special R&D team to keep developing new products and improving products quality.

Through constant development, our company product lines have covered sinks, ice bins, work tables, cabinets, carts, trolleys, racks, shelves, tool storage systems, bains-maries, Chinese cooking wok ranges, automatic rice cooking production lines, automatic fryers, chafing dishes, sterilization cabinets, etc. and we are continually developing new products to meet markets demand.

We successfully received the ISO9001 certificate and NSF certificate of good quality with customers trust and satisfaction. We have built long term and stable relationship with many customers all over the world.

Customers' trust and satisfaction is our first goal. Based in advanced facilities, efficient management, new production technology, continued introduction of skilled personnel and outstanding service, we believe you will become our good customer and good friend.

Facilities

Germany Large Laser Cutting Machine

Stamping Workshop

Germany VT-300 Multistage Numerical Control Punch

American ACL Material Processing, Leveling, Grinding and Plastic Coating Production Line

Germany Automatic Welding Machine

Japan 500T Hydraulic Pressure Stretching Machine

Holland Beyerle Numerical Control Bending Machine

Japan Plate Processing Machine

Facilities

Xiangying adopted all the advanced facilities like CNC laser cutting machine, CNC bending machine, CNC shearing & punching machine, 500T hydraulic pressure stretching machine, multistage numerical control punch and a peeling, leveling, grinding and plastic coating production line to make sure the product quality and the ability to develop all kinds of new products. Meanwhile, we will import more and more advanced facilities to improve the product quality, production technology and R&D.

R & D

Strict Product Design Process

With independent R & D term, we are able to independently develop all kinds of customized stainless steel equipments. According to customers' drawings, samples or pictures and sizes, we are able to develop and design products by advanced 3D design software such as AutoCAD, Solidworks, Pro/E, UG and etc. Through discussion with R&D team and communication with customers, our engineers could develop the samples in a short period.

QUALITY CONTROL

We successfully received the ISO9001, ISO14001 certificates and NSF certificate 10 years ago. By material testing and inspection, manufacturing processes inspection and final products and package inspection, we carry out all methods to enhance total quality control system.

Under shelf material: Material : 304S/S 430S/S or Galvanized
 Thickness : 20gauge 18gauge or 16gauge
Legs & Sockets: Material : Stainless steel or galvanized
Bullet feet: Material : Stainless steel or plastic, 1" adjustable
Drawer: Optional
Castor: Optional
Packing: Individual carton box packing

Worktable styles

Top shelf:
 ● Flat top shelf
 ● 4" 5" 6" backplash
 ● 2" rear-edge-up

Undershelf:
 ● with undershelf
 ● "U" shape leg bracing

Worktable styles

Top shelf edge:
 ● Bull-nose style
 ● Rounded style
 ● Square style

Undershelf corner:
 ● Round socket
 ● Aluminum die cast

Folding Worktable Specification

Width: 24" 30"
Length: 48" 60" 72"
Height: 30-71/8"
Top shelf: Material : 304S/S or 430S/S
 Thickness : 20gauge 18gauge 16gauge
Under shelf material: Material : 304S/S or 430/2B
 Thickness : 20gauge 18gauge or 16gauge

Legs: Material : S/S folding legs
Packing: Individual carton box packing

Equipment Filler Table Specification

Width: 24" 30"
Length: 12" 15" 18" 24"
Height: 34"
Top shelf: Material : 304S/S or 430S/S
 Thickness : 20gauge 18gauge 16gauge or 14gauge
Under shelf material: Material : 304S/S or 430S/S or Galvanized
 Thickness : 20gauge 18gauge or 16gauge

Legs & Sockets: Material : Stainless steel or galvanized
Bullet feet: Material : Stainless steel or plastic, 1" adjustable
Packing: Individual carton box packing

Equipment Stand Specification

Width: 24" 28" 30"
Length: 12" 15" 18" 24" 30" 36" 48" 60" 72" 84" 96"
Height: 24"
Top shelf: Material : 304S/S or 430S/S
 Thickness : 18gauge 16gauge or 14gauge
Under shelf material: Material : 304S/S or 430S/S or Galvanized
 Thickness : 18gauge or 16gauge

Legs & Sockets: Material : Stainless steel or galvanized
Bullet feet: Material : Stainless steel or plastic, 1" adjustable
Packing: Individual carton box packing

Single Tier Overshelf Specification

Width: 12" 14" 16" 18"
Length: 30" 36" 48" 60" 72" 84" 96" 108" 120"
Height: 18"
Panel: Material : 304S/S or 430S/S
 Thickness : 18gauge 16gauge or 14gauge
Legs, Sockets & Brackets: Material : Stainless steel
Packing: Individual carton box packing

Double Tier Overshelf Specification

Width: 12" 14" 16" 18"
Length: 30" 36" 48" 60" 72" 84" 96" 108" 120"
Height: 32"
Panel: Material : 304S/S or 430S/S
 Thickness : 18gauge 16gauge or 14gauge
Legs, Sockets & Brackets: Material : Stainless steel
Packing: Individual carton box packing

Drawer Specification

Liner Width: 15" 20"
Liner Length: 20"
Liner Height: 5"
Drawer Frame: Material : 304S/S , 430S/S or black coating
 Thickness : 18gauge 20gauge or 22gauge
Liner: Material : 304S/S
 Thickness : 22gauge
Packing: Individual carton box packing

Castors Specification

Type of stem: Square shank/Plastic expanding/Screw/Flat
Size: 3" 4" 5"
Brake type: Without brake/Side brake/Top brake
Wheel center: Material : Polypropylene
Tread: Material : PU
Packing: Individual carton box packing

Wall Specification

Width: 10" 12" 14" 15" 16" 18"
Length: 24" 36" 48" 60" 72" 84" 96" 108" 120"
Height: 12"
Shelf & Brackets: Material : 304S/S 430S/S
 Thickness : 18gauge 16gauge or 14gauge
Packing: Individual carton box packing

Tubular Drainage Shelf Specification

Width: 15" 18"
Length: 24" 36" 48" 60"
Height: 11" 14"
Tubing: Material : 304S/S 430S/S
 Thickness : 18gauge or 16gauge
Brackets: Material : 304S/S 430/2B
 Thickness : 18gauge or 16gauge
Packing: Individual carton box packing

Slant Shelf Specification

Width: 26"
Length: 21" 42" 63" 72" 84"
Height: 13"
Shelf: Material : 304S/S or 430/2B
 Thickness : 18gauge or 16gauge
Brackets: Material : 304S/S or 430/2B
 Thickness : 18gauge or 16gauge
Packing: Individual carton box packing

Microwave Shelf Specification

Width: 18" 24"
Length: 18" 24"
Height: 18"
Shelf: Material : 304S/S or 430/2B
 Thickness : 18gauge or 16gauge
Packing: Individual carton box packing

Pot Rack Specification

Width: 12" 14" 15"
Length: 24" 30" 36" 48" 60" 72" 84" 96" 108" 120"
Height: 12"
Top shelf: Material : 304S/S or 430S/S
 Thickness : 18gauge or 16gauge
Brackets: Material : 304S/S or 430/2B
 Thickness : 18gauge or 16gauge
Flat bar : Material : 304S/S 430/2B or Powder coated plate
 Thickness : 18gauge or 16gauge
Hook: Material : Chromeplate
Bullet feet: Material : Stainless steel or plastic, 1" adjustable
Packing: Individual carton box packing

Single Bar Pot Rack Specification

Width: 12"
Length: 24" 36" 48" 60" 72" 84" 96" 108" 120" 132" 144"
Height: 12"
Bar: Material : Power coated metal/304S/S or 430S/S
 Thickness : 0.25" 0.187"
Hook: Material : Chromeplate
Packing: Individual carton box packing

Double Bar Pot Rack Specification

Width: 12"
Length: 24" 36" 48" 60" 72" 84" 96" 108" 120" 132" 144"
Height: 12"
Bar: Material : Power coated metal/304S/S or 430S/S
 Thickness : 0.25" 0.187"
Hook: Material : Chromeplate
Packing: Individual carton box packing

Ceiling Mounted Pot Rack Specification

Width: 22"
Length: 36" 48" 60" 72" 84" 96" 108" 120" 132" 144"
Height: 24"
Bar: Material : Power coated metal/304S/S or 430S/S
 Thickness : 0.25" 0.187"
Hook: Material : Chromeplate
Packing: Individual carton box packing

Storage Flat Shelf Specification

Width: 500mm 600mm 700mm
Length: 800mm 1000mm 1200mm 1500mm 1800mm 2000mm
Height: 1800mm
Shelves : Material : 304S/S 430S/S or 201S/S
 Thickness : 18gauge or 16gauge
Legs & Sockets: Material : 201S/S
Packing: Individual carton box packing

Storage T-bar Shelf Specification

Width: 500mm 600mm 700mm
Length: 800mm 1000mm 1200mm 1500mm 1800mm 2000mm
Height: 1800mm
Shelves : Material : 304S/S 430S/S or 201S/S
 Thickness : 18gauge or 16gauge
Legs & Sockets: Material : 201S/S
Packing: Individual carton box packing

Dunnage Rack Specification

Width: 18" 20" 24"
Length: 24" 30" 36" 48" 60" 72"
Height: 8" 12"
Shelves: Material : 304S/S 430S/S 201S/S/Aluminum
 Thickness : 18gauge or 16gauge
Legs & Sockets: Material: 201S/S
Packing: Individual carton box packing

10-Tier Sheet Pan Rack Specification

Width: 20" 28"
Length: 26" 18"
Height: 38"
Tubing frame: Material : 304S/S 430S/S 201S/S/Aluminum
 Thickness : 18gauge or 16gauge
Optional accessories: Solid sheet pan/Perforated sheet pan
 PVC rubber net cover
Packing: Individual carton box packing

20-Tier Sheet Pan Rack Specification

Width: 20" 28"
Length: 26" 18"
Height: 69"
Tubing frame: Material : 304S/S 430S/S 201S/S/Aluminum
 Thickness : 18gauge or 16gauge
Optional accessories: Solid sheet pan/Perforated sheet pan
 PVC rubber net cover
Packing: Individual carton box packing

Utility Cart Specification

Width: 15" 18" 21"
Length: 24" 28" 33"
Height: 34"
Shelves: Material : 304S/S 430S/S
 Thickness : 18gauge or 16gauge
Legs & Sockets: Material : 201S/S
 Thickness : 18gauge
Handle: Material : Stainless steel
Castor: Size : 4"
 Brake : Without brake/Side brake/ Top brake
Packing: Individual carton box packing

Utility Cart Specification

Width: 16" 18" 21"
Length: 24" 31"
Height: 32" 34"
Shelves: Material : 304S/S 430S/S
 Thickness : 18gauge or 16gauge
Angle support: Material : 304S/S or 430S/S
 Thickness : 18gauge or 16gauge
Handle: Material : Stainless steel
Castor: Size : 4"
 Brake : Without brake/Side brake/ Top brake
Packing: Individual carton box packing

Utility Cart Specification

Width: 16" 19"
Length: 24" 31"
Height: 30" 34" 36"
Shelves: Material : 201S/S 304S/S or 430S/S
 Thickness : 22gauge or 20gauge
Tubing: Material : Stainless steel
Castor: Size : 5"
 Brake : Without brake/Side brake/ Top brake
Packing: Individual carton box packing

Utility Cart Specification

Width: 19"
Length: 44"
Height: 40"
Shelves: Material : 304S/S 430S/S
 Thickness : 18gauge or 16gauge
Tubing: Material : Stainless steel
Castor: Size : 5"
 Brake : Without brake/Side brake/ Top brake
Packing: Individual carton box packing

Dish Cabinet Specification

Width: 15" 16" 18"
Length: 36" 48" 60" 72" 84" 96" 108" 120"

Bullet feet: Material : Stainless steel, 1" adjustable
Leg Bracing: No / "H" Shape
Packing: Individual carton box packing

Drain Brasket Specification

Size: 19.50"X4"X19.50"
Whole body: Material : 304S/S
 Thickness : 18gauge or 16gauge
Packing: Individual carton box packing

1Tub Bar Sink Specification

Width: 18-3/4"
Length: 14" 24" 36"
Depth: 37"
Drainboard : No / left / right / left&right
Drainboard Size : 12"
Whole body: Material : 304S/S
 Thickness : 20gauge 18gauge or 16gauge
Legs & Sockets: Material : Stainless steel or galvanized
Bullet feet: Material : Stainless steel, 1" adjustable
Leg Bracing: No / "H" Shape
Packing: Individual carton box packing

2 Tubs Bar Sink Specification

Width: 18-3/4"
Length: 26" 36" 48"
Depth: 37"
Drainboard : No / left / right / left&right
Drainboard Size : 12"
Whole body: Material : 304S/S
 Thickness : 20gauge 18gauge or 16gauge
Legs & Sockets: Material : Stainless steel or galvanized
Bullet feet: Material : Stainless steel, 1" adjustable
Leg Bracing: No / "H" Shape
Packing: Individual carton box packing

3 Tubs Bar Sink Specification

Width: 18-3/4"
Length: 38" 48" 60"
Depth: 37"
Drainboard : No / left / right / left&right
Drainboard Size : 12"
Whole body: Material : 304S/S

Bullet feet: Material : Stainless steel, 1" adjustable
Leg Bracing: No / "H" Shape
Packing: Individual carton box packing

Single Speed Rail Specification

Width: 4"
Length: 22" 32" 34" 42" 46" 58" 70"
Depth: 6-1/2"
Whole body: Material : 430S/S or 304S/S
 Thickness : 20gauge 18gauge or 16gauge
Speed Rail Hanger: Optional
Packing: Individual carton box packing

Double Speed Rail Specification

Width: 8"
Length: 22" 32" 34" 42" 46" 58" 70"
Depth: 6-1/2"
Whole body: Material : 430S/S or 304S/S
 Thickness : 20gauge 18gauge or 16gauge
Speed Rail Hanger: Optional
Packing: Individual carton box packing

Double Speed Rail Specification

Width: 8"
Length: 22" 32" 34" 42" 46" 58" 70"
Depth: 10-1/2"H
Whole body: Material : 430S/S or 304S/S
 Thickness : 20gauge 18gauge or 16gauge
Speed Rail Hanger: Optional
Packing: Individual carton box packing

Speed Rail Hanger Specification

Width: 4"
Length: 2"
Depth: 9"
Whole body: Material : 430S/S or 304S/S
 Thickness : 18gauge or 16gauge
Packing: Individual carton box packing

Bar Drainboard Unit Specification

Width: 18" 21"
Length: 12" 18" 24" 30" 36" 42" 48"
Depth: 30"
Drain Type : Corner Drain or Center Drain
Whole body: Material : 304S/S
 Thickness : 20gauge 18gauge or 16gauge
Legs & Sockets: Material : Stainless steel or galvanized
Bullet feet: Material : Stainless steel, 1" adjustable
Leg Bracing: No / "H" Shape
Packing: Individual carton box packing

Recessed Bar Drainboard Unit Specification

Width: 18" 21" 25" 30"
Length: 12" 15" 18" 24" 30"
Depth: 30"
Drain Type : Corner Drain or Center Drain

Packing: Individual carton box packing / Wooden crate packing

Sliding Cover Specification

Width : 18" 21"
Length: 12" 24" 30" 36"
Whole body: Material : 304S/S
 Thickness : 20gauge 18gauge or 16gauge
Packing: Individual carton box packing

72 Series Tool Chest Specification

Net Size: 18.1"X72"X28.3"H
Top Shelf: Material : 304S/S 430S/S or Rubber wood
 Thickness : 22gauge or 20gauge
Panel & Back Board: Material : 304S/S 430S/S
 Thickness : 22gauge or 20gauge
Bottom Board : Material : 201S/S or Galvanized
 Thickness : 16gauge
Drawer : Material : 304S/S 430S/S
 Quantities : 10 or 15
 Thickness : 22gauge
Drawer Linner: Material : 304S/S, 430S/S or Metal black coating
 Thickness : 22gauge
Packing: Individual carton box packing

26 Series Tool Chest Specification

Top Size: 18.1"X26"X18.4"H
Bottom Size: 18.1"X26"X28.3"H
Shell, Panel & Back Board: Material : 304S/S 430S/S
 Thickness : 22gauge or 20gauge
Bottom Board : Material : 201S/S or Galvanized
 Thickness : 16gauge
Drawer : Material : 304S/S 430S/S
 Quantities : 10 or 12
 Thickness : 22gauge
Drawer Linner: Material : 304S/S,430S/S or Metal black coating
 Thickness : 22gauge
Packing: Individual carton box packing

36 Series Tool Chest Specification

Top Size: 18.1"X36"X21.5"H
Bottom Size: 18.1"X26"X34.5"H
Shell, Panel & Back Board: Material : 304S/S 430S/S
 Thickness : 22gauge or 20gauge
Bottom Board : Material : 201S/S or Galvanized
 Thickness : 16gauge
Drawer : Material : 304S/S 430S/S
 Quantities : 10 or 15
 Thickness : 22gauge
Drawer Linner: Material : 304S/S,430S/S or Metal black coating
 Thickness : 22gauge
Packing: Individual carton box packing

41 Series Tool Chest Specification

Top Size: 18.1"X41.6"X21.5"H
Bottom Size: 18.1"X41.6"X34.6"H
Shell, Panel & Back Board: Material : 304S/S 430S/S
 Thickness : 22gauge or 20gauge
Bottom Board : Material : 201S/S or Galvanized
 Thickness : 16gauge
Drawer : Material : 304S/S 430S/S
 Quantities : 16,19,20 or 22
 Thickness : 22gauge
Drawer Linner: Material : 304S/S,430S/S or Metal black coating
 Thickness : 22gauge
Packing: Individual carton box packing

54 Series Tool Chest Specification

Top Size: 18.1"X54"X21.5"H
Bottom Size: 18.1"X54"X34.6"H
Shell, Panel & Back Board: Material : 304S/S 430S/S
 Thickness : 22gauge or 20gauge
Bottom Board : Material : 201S/S or Galvanized
 Thickness : 16gauge
Drawer : Material : 304S/S 430S/S
 Quantities : 22 or 26
 Thickness : 22gauge
Drawer Linner: Material : 304S/S,430S/S or Metal black coating
 Thickness : 22gauge
Packing: Individual carton box packing
